D-TEC LED

UL LISTED
ip65 waterproof

APPLICATIONS

LED Modules are designed to be used in channel letters and signs and are an ideal replacement of neon light and other traditional advertising lighting. LED Light Modules are a great versatile product because there is lead wire between each LED Module, making them easy to cut and re-connect for any custom project. All LED Modules are IP65 proof.

FEATURES

* Low power consumption
* 80% energy saving
* High brightness, full range colors are available
* Long lifespan: 50,000 hours at least
* Maintenance free, low cost to use
* Low voltage with 12V, be safe to use
* Voltage: DC12V
* Color: Red/Blue/Green
* Color: White in 3000K and 6500K
* Beam Angle: 140 degrees RGB Module
* Beam Angle:120 degrees white Module
* Led type: SMD 2835 Led
* QTY: 3PCS per module
* Power: 1.2W RGB - 1.44W White
* Lumen Output: 150-180 LM per ft. RGB - 240 LM per ft White Module
* Package: 100 pcs / bag

WARRANTY & DETAILS

* UL listed.
* 3 year warranty
* IP rating: IP65
