

Certified LED Lights®

Product Data Sheet
Exit Sign Combo

Product Overview

The EXTCMB is an exit and emergency lighting combo designed to deliver reliable life-safety performance in an ultra-compact, modern form. Its streamlined profile provides a clean, contemporary egress solution that blends seamlessly into a wide range of commercial and institutional interiors without sacrificing functionality. The design makes it ideal for space-conscious installations while maintaining clear visibility and code compliance.

Standard features include a versatile canopy mounting plate for easy ceiling, wall, or end mounting, along with adjustable LED twin emergency heads that deliver focused illumination where it's needed most. In the event of a power loss, the EXTCMB provides a minimum of 90 minutes of emergency operation, ensuring safe and dependable egress. Combining affordability, efficiency, and dependable performance, this exit/emergency combo offers a practical solution for everyday life-safety applications. This exit sign comes with 5-yr warranty on all electronics and housing. The battery is prorated for 2 years.

- * Long lasting, efficient ultra bright white LED lamp heads
- * 24 SMD 2825 LED per head
- * High performance chrome-plated metallized reflector and plastic lens for optimal light distribution
- * Adjustable LED lamp heads provides optimal center-to-center spacing
- * Long life, energy efficient Red LED EXIT sign illumination
- * Dual 120/277 voltage
- * Charge rate/power "ON" LED indicator light and push-to-test switch for mandated code compliance testing.
- * 9.6V 700 mAH long life, maintenance-free, rechargeable NiCd battery.
- * Internal solid-state transfer switch automatically connects the internal battery to LED board for minimum 90-minute emergency illumination.
- * Fully automatic solid-state, two rate charger initiates battery charging to recharge a discharged battery in 24 hours.
