Product Data Sheet
6" Disk Light with Motion Sensor

Product Overview

The 6-inch motion sensor LED ceiling mount fixture is the ultimate "set it and forget it" lighting solution, combining hands-free convenience with sleek, modern utility. Designed to activate instantly when movement is detected, this fixture eliminates the fumbling for switches in dark stairways, cluttered pantries, or shadowy garages.

Its low-profile, surface-mount design makes it an easy retrofit for standard junction boxes, providing the clean look of recessed lighting without the need for extensive ceiling renovations. This light has an integrated 5CCT selectable switch, which grants you total creative control over the atmosphere; you can toggle between five distinct color temperatures.

Whether you're enhancing safety in a corridor or adding efficient illumination to a shed or basement, this motion-sensing powerhouse offers a reliable, energy-saving way to brighten any dry area of the home. This light comes with a five-year warranty, reflecting its durability and reliability.

- * Wattage: 15W
- * Lumens: High Lumen output 1,135
- * SMD2835 LED'S
- * Triac Dimmable
- * 5CCT: (2.7K / 3K / 3.5K / 4K / 5K) selectable
- * Long life LED's with up to 50,000 hours at 70% lumen maintenance
- * Beam angle: 140 degrees
- * CRI >90
- * Steel smooth trim with elegant design
- * Save 75% compared to incandescent sources
- * High efficiency driver with a power with factor >0.90
- * Input power of 120V AC, 50 - 60Hz
- * Built-in LED Driver
- * Operation temperature of -4°F to 113°F
